Meticulously researched and far-reaching in scope and with examples taken from ancient and modern history, [this book also] delivers a sobering lesson for an increasingly dangerous world. Karol Bojnowski. John van Wyhe.

PreviewthisitemPreviewthisitem. So given that I've read a fair amount of anti-religious screeds over the past few years from the New Atheism camp about how "religion" that vague umbrella term seemingly never defined by our New Atheist hacks so they can get the maximum amount of traction for their rants is the cause of all the wars and violence and other evils perpetrated on the face of the earth, I figured I'd read what a more careful David Livingstone Smith is a proud atheist and Darwinian. Published August 7th by St. The Most Dangerous Animal asks what it is about human nature that makes it possible for human beings to regularly slaughter their own kind.
