It is in part based on true life events, played out in factual and fictional narrative. Economically, neoliberalism is a historical-structural product of an age of mobile monopoly-finance capital that now operates globally through commodity chains, controlled by the financial headquarters of the multinational corporations in the core of the world economy, which dominate international capital flows. Books by Tony Cutler. Seep.RichardBarbrook, Read this bookyou deserve it. Such devices would have to be designed for special purposes one machine for playing games, one for reading books and so on to oppose the generality and flexibility of the personal computer that provides the user with autonomy over her actions.
