On another occasion, however, the choice may be reversed. By distinguishing Judgment After Arendt praxis from fabrication poiesis by linking it to freedom and plurality, and by showing its connection to speech and remembrance, Arendt is able to articulate a conception of politics in which questions of meaning and identity can be addressed in a fresh and original manner.

It may involve thinking, or occur within a public action as when someone stammers. Heidegger in particular can be seen to have profoundly impacted upon Arendt's thought in for example: in their shared suspicion of the "metaphysical tradition's" move toward abstract contemplation and away from immediate and worldly Judgment After Arendt and engagement, in their critique of modern calculative and instrumental attempts to order and dominate the world, in their emphasis upon the ineliminable plurality and difference that characterize beings as worldly appearances, and so on. We found her examples to be reversible.
