I wish to be contacted with the results of the investigation. Stop feeling this way. So it is better not to depend on your academic advisor and build yourself to get a well paid industry job. This shift confounded me. It utterly redefined my very. Then I felt worthless. We hope that you will add the experience of doing a PhD to the CV of your life! Instead of developing the skills you need to get a real job industry, you start developing negative traits.

Now, the most your advisor can do is play passive aggressive games. Thanks to some of my friends who are working in the industry for a quite good time and helped me to leave academia and finding a good job in the industry.
