### **The Little Shadows - MARINA ENDICOTT**

The beauty is in the love that keeps them going, love of one another, their mother, lovers, art. The Little Shadows is an enthralling and insightful book, beautifully.

### **The Little Shadows by Marina Endicott - review | Books | The Guardian**

Sep 30, Whatever the mythical, magical properties of this number and gender, Marina Endicott wields it to charming effect in The Little Shadows.

Set in a vanished time, and in the fantastically rich world of vaudeville, The Little Shadows revolves around three sisters: The Little Shadows, the eldest and most beautiful, sixteen when the book opens; thoughtful Clover, who is fourteen; and the youngest, joyous headstrong sprite Bella, who is thirteen. The Little Shadows unfolds slowly, between January and July over some The Little Shadows pages. The girls acquire this wisdom with difficulty: Bella wanders off with a would-be rapist who tours as part of a physical comedy duo; Aurora naively falls for a caddish elocutionist who, predictably, loves her and leaves .

Aurora carried the group initially as she was the most beautiful and most talented. When the sisters watch the other acts from the wings, they come to life on the page, bringing levity and a yearning for the long lost entertaining art. I felt there were many parallels with Ann-Marie MacDonald's The Little Shadows, Fall on Your Knees: family stories that capture the imagination, a setting in early 20th century leading up to and including the first World War, and a central role of music. In The Little Shadows money or not, they wanted to be entertaining in vaudeville more than anything .

Aug06, PamBustin rated it it was amazing Shelves: what-i-read-in-I-have-this

and tremendous talent allow the Avery girls to absorb these rules, and to perform successfully at crucial times in their lives.
